RAINY RIVER VALLEY.

Though the Rainy river valley has been open to settlement for upwards of twelve years, its rich soil and excellent adaptability to farming are very little known. This may be accounted for by the fact that it is somewhat isolated, and attention has not been directed to it to the same extent as to other unsettled parts of the province or the prairies of the west. The Canadian portion of the Rainy river valley contains about one million acres of first class arable land, and is fully capable of supporting a farming population of at least fifty thousand, which would sustain a population of twenty-five thousand more business men and artizans of various kinds. There are now about three hundred settlers along the river front, who are all doing well and are very hopeful for the future. The general character of the soil is a rich calcareous drift formation, clay overlaid by a thin streak of whitish fine earth about six inches in thickness, and capped by a thick coating of black vegetable mould. These three mixed up together in the working of the land form a soil which cannot be excelled in any part of the Dominion. The timber along the river is chiefly large thrifty poplar, mixed with some scattering oak and swamp elm, and some evergreens such as balsam and spruce; inland the timber changes in character somewhat from that along the river shore, as large Balm of Gilead, spruce, balsam and tamarac are met with more frequently, and the nice open bush which prevails along the river banks is changed for a tangled brushy undergrowth; but the character of the soil remains the same. Tamarac and spruce swamps occur frequently throughout the whole river valley, but with very few exceptions may be easily drained. In nearly all these swamps the soil is a black vegetable mould, varying in depth from one to three feet, with a subsoil of calcareous clay. Cultivation on a small scale has been carried on continuously for ten years by settlers along the river, and it has been amply demonstrated that all the hardy cereals and vegetables may be grown to the highest state of perfection. The settler going into the Rainy river valley has a good market already established. At scarcely any point in the rich Rainy river valley would a settler be more than twenty miles from navigable communication with Rat Portage or Keewatin, where all kinds of farm produce are marketable at good prices. The pioneer in that choice extent of country does not have to squat on a location and wait there an indefinite length of time for a railroad to be built to carry out his crop. He can begin to earn money soon after his arrival, particularly so if he can readily adapt himself to favorable surroundings. With a most excellent soil and a ready market the Rainy river valley presents unsurpassed attractions for those seeking to establish new homes for themselves and their families.

—The steamer Victoria went out on the Lake as far as the Swedes, and returned the same day with wood, being the last to navigate the Lake.

—The election courts are still telling heavily against the Liberals. The last man to fall is Mr. Innes, who defeated Mr. Cargill by 117 in East Bruce.

—At last the News has spoken and given vent to its pent up feelings in reference to its suit against Mr. D. F. Burk for an account for election printing. It says Mr. F. J. ApJohn, (our obliging and attentive registrar of deeds,) had no right to act in the Division Court, but in the same sentence says he did so. This is a reflection on the judge, who we doubt not knows better than the News man who has a right to act in his court. As a matter of fact Mr. Burk found through force of circumstances that he could not appear personally at the time fixed for the court. He therefore wrote hurriedly and asked Mr. ApJohn to appear for him, and have the case put off to another date. Mr. Burk again found himself unable to attend. Mr. ApJohn was therefore obliged to go on with the case, and without sufficient preparation as he had up to the last moment relied upon Mr. Burk appearing on his own behalf. The proprietor of THE RECORD was subpœnaed and gave evidence as far as he was asked to do so, but it is not our purpose in this short article to refer to the spiteful personalities and insinuations of the News. Our object here is place Mr. Burk and Mr. ApJohn right before the public, though they are too well known to suffer much from the base misrepresentations of the apology. As the News states it got judgement, not upon the merits of its case, but on account of Mr. Burk's inability to follow it up. He is known to be a man both able and ready to pay all proper demands against him, but he most decidedly declined as far as he could to pay the News three times as much as he paid other papers for better service. The News very carefully omits the remarks of the judge in confirming the judgment. It was stated from the bench in very decided terms that the News account seemed extortionate, but as it had not been brought before him in evidence he had no alternative but give the plaintiff judgement. THE RECORD is not responsible for bringing this matter before the public, and would not now refer to it but for the unfairness and vindictiveness of the apology down street. The personal attack upon us and the comparison as to the character and standing of the two papers will keep for reply till some other time, when the evidence of Mr. McCrossan in the above case may form an interesting subject of remark.

—It sometimes occurs in connection with the circumstances attending the civil and judicial organization of a new portion of country, that persons suspected or accused of crimes or violations of law are made to suffer perhaps unjustly from causes that seem to be unavoidable. Such a case is that of Mrs. Carruthers who now lies here in jail indicted for murder. The killing took place over a hundred miles from the nearest place of trial, which distance can only be covered by navigation for one half of the year, and overland by bad roads the other half. It was hoped that Mrs. Carruthers would receive her trial before the close of navigation, but circumstances prevented, though the opinion prevails here that the Attorney-General should have given the case such attention as to insure it being disposed of. Be that as it may it would now be very unreasonable to bring on the case before the reopening of navigation, as the witnesses could not be brought to Rat Portage without great hardship and expense. In this connection THE RECORD has been informed that an effort in a legal way is about to be made to secure Mrs. Carruthers release on bail. Since the above was written the News has opened its mouth on this case, and as usual has put its foot into it. The Attorney-General does not possess absolute power over the assize courts. As a matter of fact the judges are appointed by the Dominion Government, and both they and the Attorney-General are nearly altogether controlled by statute. All the News screeching about Russia is truly "preposterous" and uncalled for.

MINING MATTERS.

NUGGETS.

—Mr. J. H. Webster, of Cleveland, has purchased the Cariboo property for $7,000, and will consolidate it with the L'Divir. It was through Mr. R. Linn, President of the Reduction Works Co., that the sale was effected.

—The Reduction Works have been running all week under the direction of the President Mr. Linn. Sultana rock is being milled and concentrated pending the arrival of the new mill superintendent. The indications are that the ore will turn out very richly.

—Mr. James Hildreth came in Sunday from the Sultana mine and reports its work progressing rapidly. Arrangements are now being made to run three eight-hour shifts, that the work may be pushed night and day. The miners are now into a body of ore that shows up as rich as the richest deposits on the Ophir mine.

—The News seems not to have sufficient discernment to distinguish between one state of affairs and quite another condition of things. That there was a necessity for caution in handling the bonus to the Reduction Works circumstances have amply demonstrated. The bonus having been paid over it was not in the power of the town to exercise in an official way any restraining influence to prevent "trouble" amongst those directly interested in the Works, hence the News feeble attempt at sarcasm lacks point and falls very wide of its mark. Try another shot, Newsy.

—Mr. T. A. Gorham, one of Port Arthur's prominent barristers, was up from that thriving village on Tuesday, having been called as a witness in the Whiting-Young case. Mr. Gorham is largely interested in silver mines in the Silver Mountain district, and has considerable interest on the Lake of the Woods. He feels confident that there will be a big boom here in the spring. The question of the richness of the mines is beyond a doubt, and only capital is necessary to further their development. Said he, your reduction works are now complete, and the ore they are now treating is the richest surface gold rock ever milled in Canada.

—Our citizens are no doubt deeply interested in the money given by way of bonus to the Reduction Works. It is generally understood that Messrs. R. Linn and H. J. Powers were partners in the erection of the Reduction Works, and that as such they were each entitled to a proportionate share of the bonus. After paying the balance of accounts due for construction there was about $5,000 remaining in the bank to the credit of Mr. Powers. We are informed that a settlement was signed by Messrs. Powers and Linn on Friday last, but that Mr. Powers has steadily refused to carry it out. Mr. Linn has taken legal action to compel a settlement, and thus the matter stands at present.

—We understand that it is the intention of Mr. H. J. Powers to erect an assay office and chemical laboratory on Second st., opposite the K. Furniture Co.'s store. The building will be 36 feet long by 16 feet wide, with an office in front. The laboratory will be fitted up with furnaces, stamping works and all the necessary appliances for analyzing, assaying and making mill tests, and will be complete in all its appointments. It is expected to be equal to anything of its kind in the west. An establishment of this kind is very much needed to test the values of the different minerals that abound in such quantity in this district. Heretofore only gold has attracted the attention of the prospector and miner, while other minerals equally important have been overlooked. We feel confident that Mr. Powers is a man suited to the business, having been for the past 25 years actively engaged in the working of the metals in all their various forms and under varying conditions. His field of observation has extended over Mexico, the Western States and Canada, making him, practically and theoretically, familiar with mineralogy and geology under all conditions.

DISTRICT COURT.

The semi-annual sitting of the District Court took place here on Tuesday last. His honor Judge Hamilton, of Port Arthur, ascended the Bench at ten o'clock.

The docket comprised only two cases. The first was Queen vs. White, the prisoner being charged with obtaining goods under false pretenses. His Honor instructed the grand jury as to their duties, and stated what would constitute false pretenses. The jury retired and after investigation returned no bill against White. Mr. A. R. Lewis, Q.C., appeared for the prosecution, and Mr. W. B. Thibaudeau for the defence.

The civil case of Whiting vs. Young involved the question of whether or in transaction in reference to the transfer of a mining location on the Lake of the Woods, was done by the defendant as agent for Whiting, or whether Young had made first a purchase and then a sale for himself of the location. Messrs. T. A. Gorham and O. Dawnis, of Port Arthur, were witnesses for the plaintiff. Mr. W. B. Thibaudeau was counsel for the plaintiff and Mr. J. S. Ewart for the defendant.

The Judge reserved his decision until the 10th of December.

The Grand Jury here appeared and made their presentment, which was as follows:

To His Honor John Macpherson Hamilton, Judge of the Provincial Judicial District of Thunder Bay:

We, the Grand Jury, in making our presentment, beg to congratulate your honor upon the absence of criminal in this district. We have examined the jail and find it clean and well kept, but too small to meet the requirements of the district, and would strongly recommend that a more commodious building be erected. We found three prisoners in the cells, one awaiting trial for murder and two in for short terms. We visited the kitchen and inspected the provisions prepared for prisoners, and consider them good and wholesome. We also visited the Registry office in course of construction, and consider that it will be when completed a suitable building for the preservation of public documents.

Judge Hamilton replied in suitable terms. He said the district was wonderfully free from crime; he had only tried two or three prisoners in the last five or six years. The Judge concluded by thanking the grand jury for their attendance and presentment.

The legal fraternity were well represented, Messrs. A. R. Lewis, Q.C., W. B. Thibaudeau, J. S. Ewart, T. A. Gorham and others being present. Remarkably good work was done by both Mr. Thibaudeau and Mr. Ewart in the Whiting-Young case.

The following comprised the Grand Jury: D. L. Mather, foreman, H. F. Holmes, F. Gardner, J. G. Clark, E. Brydges, Alex. Matheson, W. A. McLeod, W. T. Creighton, Walter Oliver, M. Nicholson, Pat Bigney, C. C. Bence, Wm. McKinnon, P. H. Clark, Wm. McCarthy, S. Hunter, R. Hall.

Mr. W. H. Carpenter, sheriff, was in attendance officially, with his bailiff, Mr. H. S. Barnes.

At the close of the court Judge Hamilton completed the revision of the Dominion voters' list. No formal appeals had been made from the supplementary list by anyone. Both Conservatives and Liberals appear to have neglected proper notice of appeals, consequently names are on the confirmed list which should have been struck off.

ITEMS OF INTEREST.

—The German Government has forbidden Berlin bankers to assist Russia in floating her loans.

—A ukase from the Czar was issued on Saturday prohibiting the export of wheat and wheat products from Russia.

—The Japanese government has ordered men-of-war to China to protect Japanese subjects at the open ports.

—Owing to the formidable character of the uprising in Brazil, Dictator Fonseca has resigned in favor of Floriano Peixotto, the Vice-President of the Provisional Government.

—Influenza, bearing many marked symptoms resembling grippe, is at present causing great alarm in many parts of France, in Berlin and in Hamburg. Last week the number of deaths was 280 above the average.

—Mr. A. W. Ross, M.P., is being boomed in Winnipeg for the portfolio of Agriculture and Immigration. His qualifications are said to be that he is a man who is to some extent up in immigration work, and who is familiar with the wants of the Northwest.

—According to statistics published in Montreal the live stock export trade shows a falling off as compared with last year. The exports of live cattle from Montreal this year were 109,194 head against 123,636 head for the same period last year, while only 32,042 sheep were exported, against 43,372 during the season of 1890.

—The waterways convention to be held in Detroit on December 17 promises to be one of the most important gatherings of marine men held in recent years. The chief subjects for consideration are the best means of securing a twenty-one foot channel from Duluth and Chicago to Buffalo, and the feasibility of a ship canal to the ocean.

—Although Mr. Mercier appears to have abandoned the idea of bringing actions for seditious libel against sundry newspapers, the legal pot is still boiling in Quebec. Criminal informations for libel have been sworn out by Mr. Whelan and others, and Mr. Owen Murphy, M.P.P., is suing a newspaper for $10,000 on the same ground. This ought to be a good winter for the legal profession in the neighboring province.

—Away up in the almost unexplored territory of Athabasca, and pretty well toward the northern boundary of this territory, some farming experiments have been carried on of late years with success. H. W. Lawrence, who has been farming at Vermillion for the past four years, has seventy-five acres under cultivation and estimates this year's crop at 2,000 bushels of wheat and barley, and 2,500 bushels of potatoes and roots. E. J. Lawrence, who has a milling outfit at this point had a surplus last year of 10,000 pounds of flour, and has also 100 head of cattle and thirty horses. He is also raising hogs and curing bacon. Vermillion is on Peace River, between latitudes 58 o and 59 o north. These products are no doubt disposed of to Indian and mission settlements, as there are no civilized settlements in the territory, and only mission and trading stations among the Indians. Those who talk about the impossibilities of settlement in the north should consider these facts. Vermillion is about 400 miles north of Edmonton, Alberta, and 600 miles north of Calgary.

TOWN TOPICS.

—The News calls itself "a well established and respectable newspaper." Very!

—A meeting of the town council was called for Wednesday evening, but for want of a quorum no business was done.

—Mr. C. W. Chadwick has been doing considerable real estate business lately, having made a number of sales of property in town.

—Rat Portage is now divided into four polling subdivisions for Dominion elections, the increase in the number of voters making the new division necessary.

—The Royal Templars' rainbow social last evening did not receive the patronage it deserved, which was no doubt in a large measure due to inclement weather.

—We have had a very cold snap here this week, the coldest ever known here in November, 36 below zero on Friday morning. It has since become much milder.

—Winter has set in and it now requires a little more exertionto hustle for news, consequently the usual silly dirt spots may be noticed during this season in the apology down street.

—Some of the railroad boys have been doing some pitching in lately. However, very little damage has been done. This is a trying time for them. The line is overcrowded with business. Be careful, boys, and keep cool.

—When it becomes too much trouble to hunt news the apology fills up with contemptible skits on those who do not court the favor of the great head that is waiting its towering talent on the people of Rat Portage.

—It sometimes occurs now that the passenger trains are late. Would it not be well to have a bulletin down town, say at the Hilliard House. If the running of trains were correctly posted on side it would be a convenience to many.

—The annual meeting of the Rat Portage Branch of the Bible Society will be held on Wednesday evening, 23d December, in the Methodist church, commencing at 19.30.—Rev. J. Dyke, agent of the Society, will address the meeting.

—A wedding took place at the residence of Mr. Rocan, Second street, last week, the contracting parties being Captain Thos. McDonald, of the steamer Keewatin, and Miss E. Rocan, second daughter of Mr. P. Rocan. The ceremony was performed by the Rev. Father Baudin, in the presence of a number of invited guests.

—The local shareholders of the Dominion Building and Loan Association held an adjourned meeting in Mr. J. K. Brydon's office on Tuesday evening. They decided unanimously to appoint Hon. C. W. Ross their proxy at the general meeting of shareholders to be held on the 30th inst. Mr. Ross will represent about 300 shares from here.

—At the meeting of the Mock Parliament last evening, the Liberal government was defeated on a division on the question of reciprocity with the United States. The government resigned and Mr. C. W. Chadwick, the leader of the opposition, was called on to form a government. He announced his intention of announcing the Conservative policy in the Speech from the Throne.

—The Cosgrove Concert Co. gave an excellent entertainment in the old mess hall on Saturday evening last. The program was a most varied one. Good music was produced not only from all the best kinds of instruments, but from articles such as sleigh bells, cow bells, strips of wood, glasses and almost every conceivable thing that could produce sound. There was also some good singing and reciting.

—On Thursday morning last what might have been a serious catastrophe was averted by presence of mind and prompt action. Mr. J. W. Buchanan is doing some rock outing near Summit on the C. P. R. east of here. During the night previous a pail containing twenty-five pounds of dynamite became frozen solid. As it was required for use during the day, it was placed near the stove in the camp to thaw out. By some means it started to burn, and Mr. Buchanan came in just that moment. He promptly took up the pail and contents and lifted them out in the snow, and the cook threw a pail of water over them. An explosion was avoided and life and property saved, but Mr. Buchanan has no desire for a repetition of the experience.

—"Monstrosity" is a tiptop word. Go up head, Newsy.

—The C.P.R. having found their ice house too small are building an addition thereto.

—Ladies' Aid of the Methodist church will give their annual tea on the 14th December.

—The Zion church Sabbath school will give a kindergarten entertainment and Christmas tree, on Christmas night.

—At Knox church services on Sunday at 11 and 19 o'clock, Mr. J. L. Small, of Manitoba College, will preach.

—Messrs. Stevens & McKinnon have taken the shop lately occupied by Messrs. Campbell & Vivian, and are using it as a carpenter shop.

—The W.C.T.U. meeting addressed by Mrs. Chisholm on Wednesday evening was not as well attended as it deserved. The address was an excellent one.

—The Ball family of jubilee singers will give an entertainment in the Methodist church on Monday evening. No doubt this will be a first-class treat, as they have a very high reputation for entertaining an audience.

—The services tomorrow in the Methodist church will be conducted by Rev. W. N. Jamieson both morning and evening. The Ball family of jubilee singers will sing at both services. The subject for the morning will be "light from the cross," and in the evening "pleasure as a duty."

—The third page of the Toronto Daily Mail is noted for "Want" advertisements. If you want a situation, a mechanic, a business, machinery, lodging, if you have lost or found anything, or if you want to find out where anyone is, advertise in the Toronto Daily Mail and read the advertisements on the third page of that paper. The charge is two cents a word each insertion, or ten cents a word for six insertions. Address THE MAIL, Toronto, Canada.

Personal Paragraphs.

—Mr. Arch. Campbell was in Winnipeg yesterday.

—Rev. R. and Mrs. Nairn went to Winnipeg yesterday morning to be absent over Sunday.

—Messrs. John Nash, D. A. McKay, Steve Matthews, Robert Evans and Capt. Brydges leave on Monday morning for the east. They will all be absent several weeks.

—Mr. Dickenson, editor of the Port Arthur Sentinel, was in town on Tuesday last and gave THE RECORD a friendly call. He took a train to Winnipeg in the evening.

—Mr. Williams, contractor for cut verts, etc., on the C.P.R. was in town last week on his way west. Mr. Williams built the piers of the iron bridge across the Winnipeg river here eleven years ago.

THE TAXES.

The Tax Roll for 1891 is now in the hands of the collector, Mr. P. H. Clark, having been prepared with commendable care and promptitude by the town clerk, Mr. J. K. Brydon. The following are the total amounts levied under the different rates, together with the total taxation:

The Czar of Russia.

The Czar of Russia probably has his own troubles as well as we commoner mortals. Where we have the advantage in such troubles as dyspepsia, biliousness, constipation, bad blood and the like is in being able to procure easily a perfect remedy in Burdock Blood Bitters, nature's grand restorative tonic and purifier.

CONSUMPTION.

I have a positive remedy for the above disease; by its use, thousands of cases of the worst kind and of long standing have been cured. Indeed so strong is my faith in its efficacy, that I will send TWO BOTTLES FREE, with a VALUABLE TREATISE on this disease to any sufferer who will send me their EXPRESS and P.O. address.

NORMAN.

THE RECORD desires to fill these columns with Norman matters. the citizens can help us do it.

—The planing mills are still running to fill orders.

—Mr. W. T. Creighton was in Winnipeg on Thursday.

—J. B. Davies received a big consignment of choice India tea this week.

—Mr. L. W. Pears, late post office clerk at Norman, has gone to Winnipeg.

—The Sunday school people held a meeting last Thursday night to make arrangements for Christmas.

—The usual services were held in the hall last Sunday. Services will also be held next Sunday as usual.

—The Ball family of jubilee singers are going to hold out in the hall next Tuesday night. A great time is expected.

—Several of our citizens are discussing the advisability of severing the connection with Rat Portage and forming a municipality at Norman.

—Mr. White, we are informed, proposes to enter an action against Mr. J. B. Davies for malicious prosecution, the grand jury having found no bill against him for obtaining goods under false pretenses.

—The Royal Templars held an at home in the hall last Wednesday night. Mr. A. Tweedie occupied the chair. A very pleasant time was spent. The following is the program: Song, Mrs. J. OXYGENIZED EMULSION of PURE COD LIVER OIL. If you have Bronchitis Use it. For sale by all druggists.

Well Recommended.

DEAR SIRS,—I am happy to say I have used Hagyard's Yellow Oil for burns, bruises, sprains and cuts, and find that there is nothing better. I recommend it to all my friends around here.—ALEX G. MCLEAN, Souris, Man.

A Severe Attack.

DEAR SIRS,—My children were taken ill with ulcerated sore throats, bordering on diphtheria. I had nothing in the house but Hagyard's Yellow Oil, which I used with great benefit. I am sure if it had not been for it the disease would have developed into diphtheria. It is a splendid medicine.—MRS. E. GORDON, Moore's Falls, Ont.

A Sea Voyage.

A sea voyage is an expensive and extensive prescription, especially when equally good results as regards health are to be had by simply taking Burdock Blood Bitters according to directions. It is a specific for dyspepsia, cleanses the blood, regulates the liver, bowels and kidneys and removes all impure matter from the system.

Owing to increase of business, H. S. Grant finds his store and gallery too small; the premises, therefore, will be closed five days next week whilst undergoing the new alterations, which will be a great convenience to his customers.

The partition back of present store will be broken down as far as the old gallery, adding an extra 12 square feet to store. The old gallery will be used as a waiting and dressing room and lavatory, from which a staircase will take sitters to the large upstair gallery, measuring 18x24 feet, which when finished will be one of the best lighted galleries in the Northwest.

Also, for the convenience of Keewatin, Norman and river customers, a staircase at back of premises will admit them into gallery waiting room, after crossing the ferry wharf, instead of their having to go round to Main Street entrance.

Office Hours, up to Christmas week: 10 to 12, and 2 to 5.30.

THE HILLIARD HOUSE.

RAT PORTAGE,

Lake of the Woods.

This hotel has recently undergone extensive alterations and additions, having now seventy-five elegantly furnished rooms, hot and cold baths, electric light and electric bells in rooms.

Suits of rooms for families may be secured in advance by telegraph. Four well arranged sample rooms for commercial travellers. Free bus meets all trains.

The new bar and billiard room is situated in the large basement and is delightfully cool in warm weather.

The Hilliard House is so complete in every way to meet the requirements of tourists, it stands second to none in the Dominion.

Those who wish for health, combined with the sight of the beautiful, should come to Rat Portage. It can be said by those who have visited the Lake of the Woods: "Mine eyes behold new pleasures while the landscape round it measures," and the breezes of the lake combined with the fragrance of the pine land their kindly influence to the reinvigorating of our system.

Mr. Hilliard has made arrangements with the proprietor of the steamer Keewatin to furnish tickets to guests for excursions on the lake at the low rate of fifty cents per day.

—The skating rink will be opened on Monday next.

—The Ball family of jubilee singers will give an entertainment here in the Methodist church on Wednesday evening.

—Mr. D. L. Mather informs us that the Ontario Government have given orders to have the road across the Lake to Rainy river staked with brush to mark it.

—Judge Hamilton held court here on Monday for the final revision of the Dominion voters' list. There were no appeals, and consequently the printed list was confirmed.

—Harry Burton has secured two fine Christmas beeves, one weighing 1360 and the other 1720 lbs. They are prime. Keewatinites will not want for good Christmas beef if Harry knows it.

—Messrs. Dick, Banning & Co. have completed the work of enlarging their raceway and putting in a new head gate. The new improvements work well. The planer is running on material to fill orders.

—A petition for Prohibition is in circulation here. It already contains ninety signatures, more than sufficient to carry it. It has the support of the Lake of the Woods Milling Co. and the two lumber companies, as well as others, and will likely prove a success.

—The meetings held here by Mrs. Chisholm last Tuesday afternoon and evening were well attended. A Branch of the W.C.T.U. was organized with Mrs. J. B. Monk as President, Miss Cole as Treasurer and Miss Anderson as Secretary. The local union are already actively engaged in the work of helping to secure Prohibition for the municipality.

RAPID TRANSIT IN THE GREAT CITIES

The letters of General Sherman now being published in the Cosmopolitan are unique; in fact, so far as the writer knows, they are the only letters ever written in the midst of hostilities by a great general to his daughter. We have the brief letters of Napoleon to Josephine, but there is nothing at all resembling the Sherman letters to be found in the literature of war. They not only throw a new light upon the character of the great man himself, but upon the operations then in process of being carried out. The second and last paper, which appears in the December Cosmopolitan, is unique in another respect—that it is illustrated by a man who sat at Sherman's mess table during the campaign of which he writes to his daughter. This man, Simons of war artists, Theodore R. Davis, is still alive, and supplements the Sherman letters by a very interesting paper of his own and a great number of sketches which he made at the time. Perhaps the article in the December number which will be read with the widest interest is that on Rapid Transit, by Captain Lewis M. Haupt, which is illustrated by every conceivable suggestion that has been made upon Rapid Transit. Mrs. Burton Harrison begins a new novel, "The Daughter of the South," and another southern article is by a gentleman who was a Confederate officer, and is entitled "Social Life in Richmond during the War." T. V. Powderly contributes an article under the Christmas heading, "On Earth Peace, Good Will toward Men," explaining the great progress made in the cause of humanity during the past twenty-five years. The number contains 140 illustrations by such famous artists as Wilson de Meza, C. D. Gibson, Count Jacques, Theodore R. Davis, Dan Beard, Lee Woodward Zeigler, and George Wharton Edwards.

Piles! Piles! Itching Piles.

Symptoms—Moisture, intense itching and stinging; most at night; worse by scratching. If allowed to continue, tumors form, which then bleed and ulcerate, becoming very sore. Swaynes Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail for 50 cents. Dr. Swayne & Son, Philadelphia. Advice Free.

Keep the head cool, the feet warm and the bowels regular, and no disease can attack you. This is a celebrated German physician's advice, and the best to accomplish it is using Burdock Blood Bitters, the best regulator and purifier known. It cures all disorders of the stomach, liver, bowels and blood.

How to Cure All Skin Diseases.

Simply apply "Swayne's Ointment." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, &c., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for Swayne's Ointment. Lyman Sons & Co., Montreal, Wholesale Agents.

We furnish the Books, You carry them Away.

Gen. Grant's Memoirs,

Original $7 edition, for

50 CENTS.

No book has ever had such a sale in the United States as General Grant's Memoirs. Over 650,000 copies have already gone into the homes of the rich, but the subscription price of $7 has placed it beyond the reach of people in moderate circumstances. If 650,000 people have been willing to pay $7 for Grant's Memoirs, there must be a few thousand people in the Dominion of Canada who want them, and will jump at the opportunity to buy at the low figure here offered.

We will send you General Grant's Memoirs, publishers' original edition, best paper, cloth, green and gold binding, hitherto sold by subscription at $7,

For 50 Cents! Absolutely only 50 Cents!

and absolutely a proposition such as has never been made in the history of book publishing. The two splendid volumes of Grant's Memoirs, of which 650,000 copies have already been sold—not a cheap edition, but the best—for 50 cents; PROVIDED you send your subscription to THE RECORD for one year, and also a subscription of $3 for the COSMOPOLITAN MAGAZINE, the brightest and cheapest of the great illustrated monthlies, itself equal to the best $4 magazine.

The COSMOPOLITAN is enabled to make this offer by reason of the purchase of 600,000 volumes at a price which even publishers would deem impossible, and with the idea of running up its circulation to half a million copies. By contract with the COSMOPOLITAN THE RECORD is enabled to offer to its readers a share in the low price obtained through the largest purchase of books ever made in the history of the world.

If, however, you have Grant's books, the COSMOPOLITAN's offer will permit you to take instead,

Gen. Sherman's Memoirs, 2 vols., sold by subscription for $5;

Gen. Sheridan's Memoirs, 2 vols., sold by subscription for $6;

Gen. McClellan's Memoirs, sold by subscription for $3.75;

Gen. R. E. Lee's Memoirs, sold by subscription for $3.75.

All of these are bound in cloth, green and gold, in uniform style with Grant's Memoirs.

The COSMOPOLITAN and WEEKLY RECORD are sent postage prepaid, but the postage on the books, at the rate of 1 cent per ounce, must be remitted with the order: Gen. Grant's Memoirs 96 oz.—48 cents; Gen. Sheridan's Memoirs, 92 oz.—46 cents; Gen. Sherman's Memoirs, 84 oz.—42 cents; Gen. McClellan's Memoirs, 48 oz.—24 cents; Gen. Robt. E. Lee's Memoirs, 56 oz. 28 cents, or books can be sent by express at the expense of the subscriber.

Send at once $4.25 for year's subscription to the COSMOPOLITAN and WEEKLY RECORD and 50 cents for a set of Memoirs—4.75 in all—to which add postage on the particular set of Memoirs selected.

If you are not acquainted with the Magazine, send a postal card to the COSMOPOLITAN, Madison Square, New York City, for free sample copy.

NOTICE

THE following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the conditions governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining Iron or Petroleum shall not exceed 160 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations in that behalf, and filing with the Agent of Dominion Lands for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing proof with the Local Agent that he has expended $500 in actual mining operations on the claim, by paying to the Local Agent therefor $5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,

Deputy of the Minister of the Interior.

Dr. Clark's White Liniment

The Great Stable and Household Remedy.

HORSEMEN ATTENTION!

Horsemen throughout the country have long felt the need of a first-class Stable Liniment applicable to the thousand and one external derangements incident to horse-flesh. The various preparations on the market are in some cases useful within a very limited sphere, some for sprains, some for galls, some for puffs, others for sprains; and so on ad-lib-tum, until a farmer or rancher would need to keep a small apothecary shop on his premises to meet the various requirements of even a small band of horses. In addition to this there is the trouble and expense of renewing supply, as other preparations are usually put up in such small bottles that in most cases one bottle is good only for one application.

DR. CLARK'S WHITE LINIMENT is dissipating all these difficulties. It is the most important departure in recent years in the interest of RELIABLE and ECONOMICAL veterinary treatment. It has been found useful in a greater variety of disorders and blemishes than any other liniment ever sold; it has been proved of greater service to large horse owners than any other horse medicine of the century. It is not a drastic, flesh-withering blister, but a penetrating, soothing, healing liniment. It is put up in pint bottles, and sold at 50 cents per bottle. It is six times as large as most liniments on the market, for more reliable and vastly more economical. For puffs, sprains, strains, spavins, wind galls, ringbone, unnatural enlargement, or any kind of bruises, cuts, wounds, collar galls and saddle galls, it will be found a remedy par excellence. For Swelled leg it is a specific, also for sprains and recent lame-ness.

Horsemen in all parts sing its praise. Testimonials pour in from all quarters. We have not room in this brief sketch to reproduce the opinions of the hundreds who have written us. We can only give the gist of their remarks and that from but a few:

IT WORKED LIKE A CHARM.

H. Coy, livery stable keeper, Grenfell, says: "I used it on an enlargement on a horse's leg, and it worked like a charm. It is a grand liniment."

GOT HER ON HER FEET QUICKLY.

W. B. Barlee, Buffalo Lake, Assa., says: Had a mare badly hurt from a kick. She was able to go to work again in three or four days after using White Liniment.

FOUND IT VERY USEFUL.

Green & Lascellis, ranchers, Moose Jaw, says: "We have used a great many bottles of Dr. Clark's White Liniment and find it very useful for all kinds of sprains, cuts and lameness."

WORKS LIKE MAGIC.

Wm. Walsh, livery stable keeper, Moose Jaw: "I use WHITE LINIMENT in my stable and find it works like magic."

ONLY LINIMENT HE USES.

Steele Norris, Bethbridge, says: "It is the only liniment I use and I am fourteen teams."

IT SAVED HIM $125.

E. A. Banbury, Wolseley, Assa., had a valuable mare so badly cut on a barb wire fence that his neighbors advised him to shoot her. He used Clark's White Liniment instead and saved her life.

Dr. Clark's White Liniment is an honest stable remedy. Honest in quantity, honest in quality, sure and satisfactory in effect. Henry Pendalwick, Balgonie, Assa., says he never used a liniment so good. Charles Howey, Regina, says it is the best liniment sold. T. W. McCaugherty, Lethbridge, says it scatters collar and saddle galls at once.

Charles Williams and Samuel Davis, large horse owners, of the Fort Macleod district, will have no other liniment.

Robert Porter, of Pense, Assa., has used Clark's White Liniment for frost-bitten cattle and declares it is the best medicine he ever used.

G. M. Annable, Moose Jaw, Assa., writes: "Dr. Clark's White Liniment is the only liniment that finds a place in my stable. My yearly turn over in horses and cattle is very large, and I have occasion to use it frequently. I am now using it on a valuable horse that was kicked on the breast, and it swelled to an enormous size. White Liniment on freely reduced it."

In the ranching country, merchants buy this medicine by the gross. It has found its way into the interior of British Columbia, into every corner of the Northwest Territories, and is now moving Eastward, like a tidal wave, ever economical and never dissapointing.

Ask your druggist or storekeeper for it. Don't take any other. Substitutes are often dangerous imitations.

Just the thing in Lumber Camps and Saw Mill stables; and as a household liniment it has never had a peer.

The bottles are not blown to hold a tablespoonful of Medicine. EVERY BOTTLE HOLDS A PINT.

DAWSON BOLE & CO., Proprietors,

Winnipeg, Manitoba.
